

The Quality Assurance System Of UEL

Realizing the importance of quality assurance, Office of Educational Testing and Quality Assurance (OETQA) was established on 1 July, 2010. Afterwards, each faculty set up a quality assurance section to cooperate with the OETQA. Quality assurance activities of UEL go with Internal Quality Assurance System (IQAS) which is shown in below figure.

IQAS implements the following activities:

- Assuring the educational quality.
- Assessing the educational quality.
- Enhancing the educational quality.
- Assessing the quality of education assurance system.
- Enhancing the quality of education assurance system.

Functions of OETQA (University level):

- Building up documentation for quality assurance.
- Instructing the quality assurance units in professional activities.
- Organizing internal quality assessments.
- Taking responsibility for assessments at the institutional level.
- Co-ordinating with the Faculty for external quality assessments at the program level.
- Co-ordinating with quality assurance units to supervise and assess action plans.

Functions of quality assurance section (Faculty level):

- Setting and sustaining the quality policy.
- Carrying out quality assurance activities at the faculty level.
- Taking responsibility for assessments at the program level.
- Doing the self-assessment report (SAR).
- Co-ordinating with OETQA to organize external quality assessments at the program level.
- Self-supervising and self-assessing action plans.
